# Mt. Marathon Story:

The tradition of the Mt. Marathon Race, according to folklore, began when two sourdoughs had an argument about whether it was possible to climb and descend the mountain in less than one hour. "Impossible", one said. To settle the argument and the resulting wager, it was decided to hold a race with the loser to furnish drinks for the crowd. At the same time, enterprising merchants put up a suit of clothes and other attractions for the winner and proposed the race take place on a holiday - why not the 4th of July? The optimistic sourdough lost his bet - the winning racer took one hour and two minutes. Official records disclose that the Mt. Marathon Race actually began as an organized run in 1915 and has since become a regular part of the Independence Day celebration in Seward.
